Null model: random maps on the same 225-state space
Test A: dominant-basin size
Random (n=50)
Trained (18 pairs)
Trained mean
Number of pairs (null)
Fraction of states in the dominant attractor's basin
Test B: impulse response (Fisher p=1.84e-17)
100%
62%
Exact-return rate within 100 steps
Trained
(18 pairs)
Random
